

IPC Focus Growth Portfolio

You need a mix of large-cap equity and fixed income asset classes that provide continuous global market exposure based on security selection by a concentrated group of investment specialists. This Portfolio seeks to provide long-term capital growth by investing primarily in global equities. The Portfolio's target asset mix is 77% equity securities and 23% fixed-income securities.

Key reasons to invest in this portfolio

- Large cap stocks can provide stability and growth opportunities.
- Fixed income provides a buffer or diversification for equity market volatility.
- Invested in markets through all cycles and maintains exposure when markets are recovering after downturns.
- Global markets generally provide better diversification than single markets over the long term.
- Equity specialists with a focus on growth stocks.
